

CLEAN CAMPAIGNS PLEDGE

As a candidate for office or an officeholder in Washington State, please sign:

“I PLEDGE TO SUPPORT a publicly funded campaign system in Washington State for state and local offices, like the affordable programs operating in several states and cities.

This program will foster candidates of integrity and diversity who are more accountable to the voters. It will help curb the influence of special interest donors and promote civic participation.

I will work to achieve common sense legislation aimed at making Washington State a leader in campaign fairness and public campaign financing.”

Date _____ Office held/Candidate for _____
