

FAIR ELECTIONS PLEDGE

As a candidate for office or an officeholder in Washington State, please sign:

“I PLEDGE TO SUPPORT enactment of a program for public financing of campaigns for Congress, and for state and local offices in Washington State, similar to affordable programs operating in several states and cities.

This program will foster candidates of integrity and diversity who are accountable to the voters. It will help lessen the influence of special interest donors and promote civic participation.

I will work to achieve common sense legislation aimed at making Washington State a leader in campaign fairness and public campaign financing.”

This pledge is not an official declaration of support for specific legislation at this time. You will be contacted when the time comes to renew your pledge for a specific law or initiative. Thank you!

Date _____ Office held/Candidate for _____
